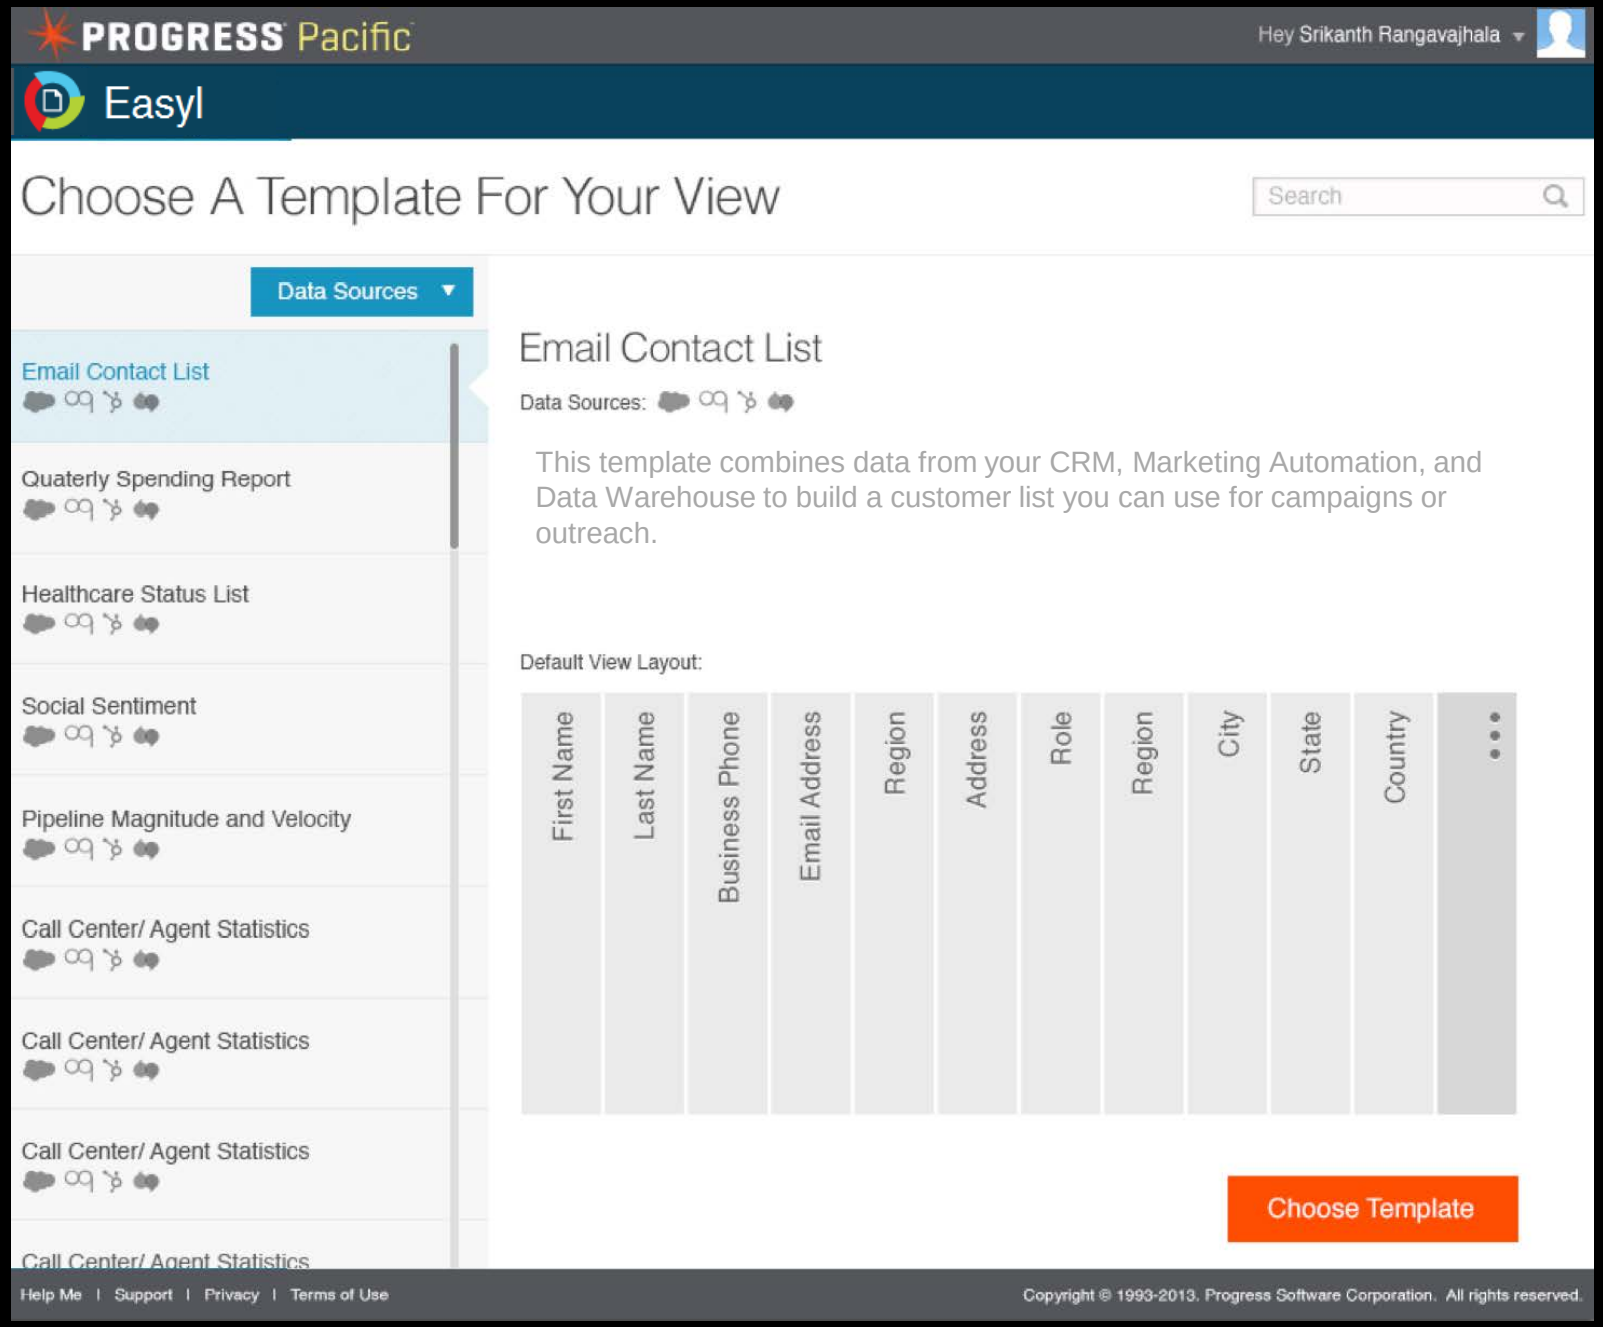
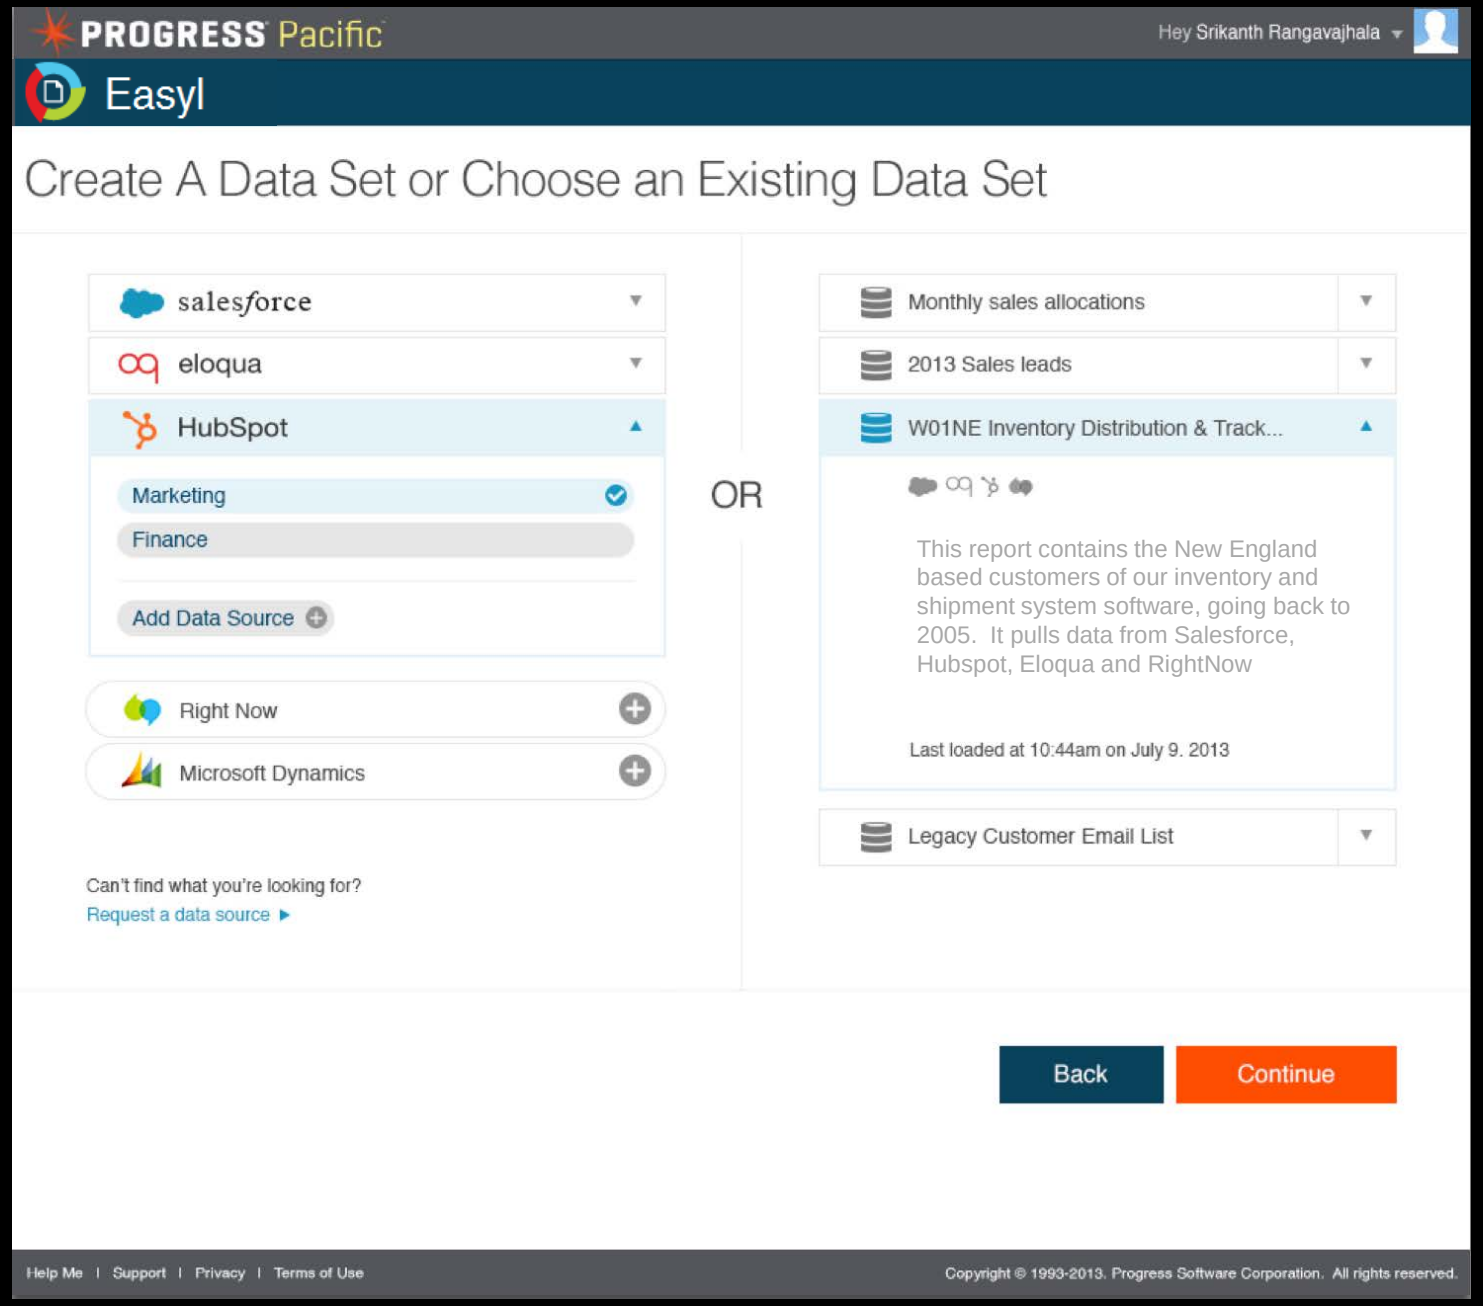
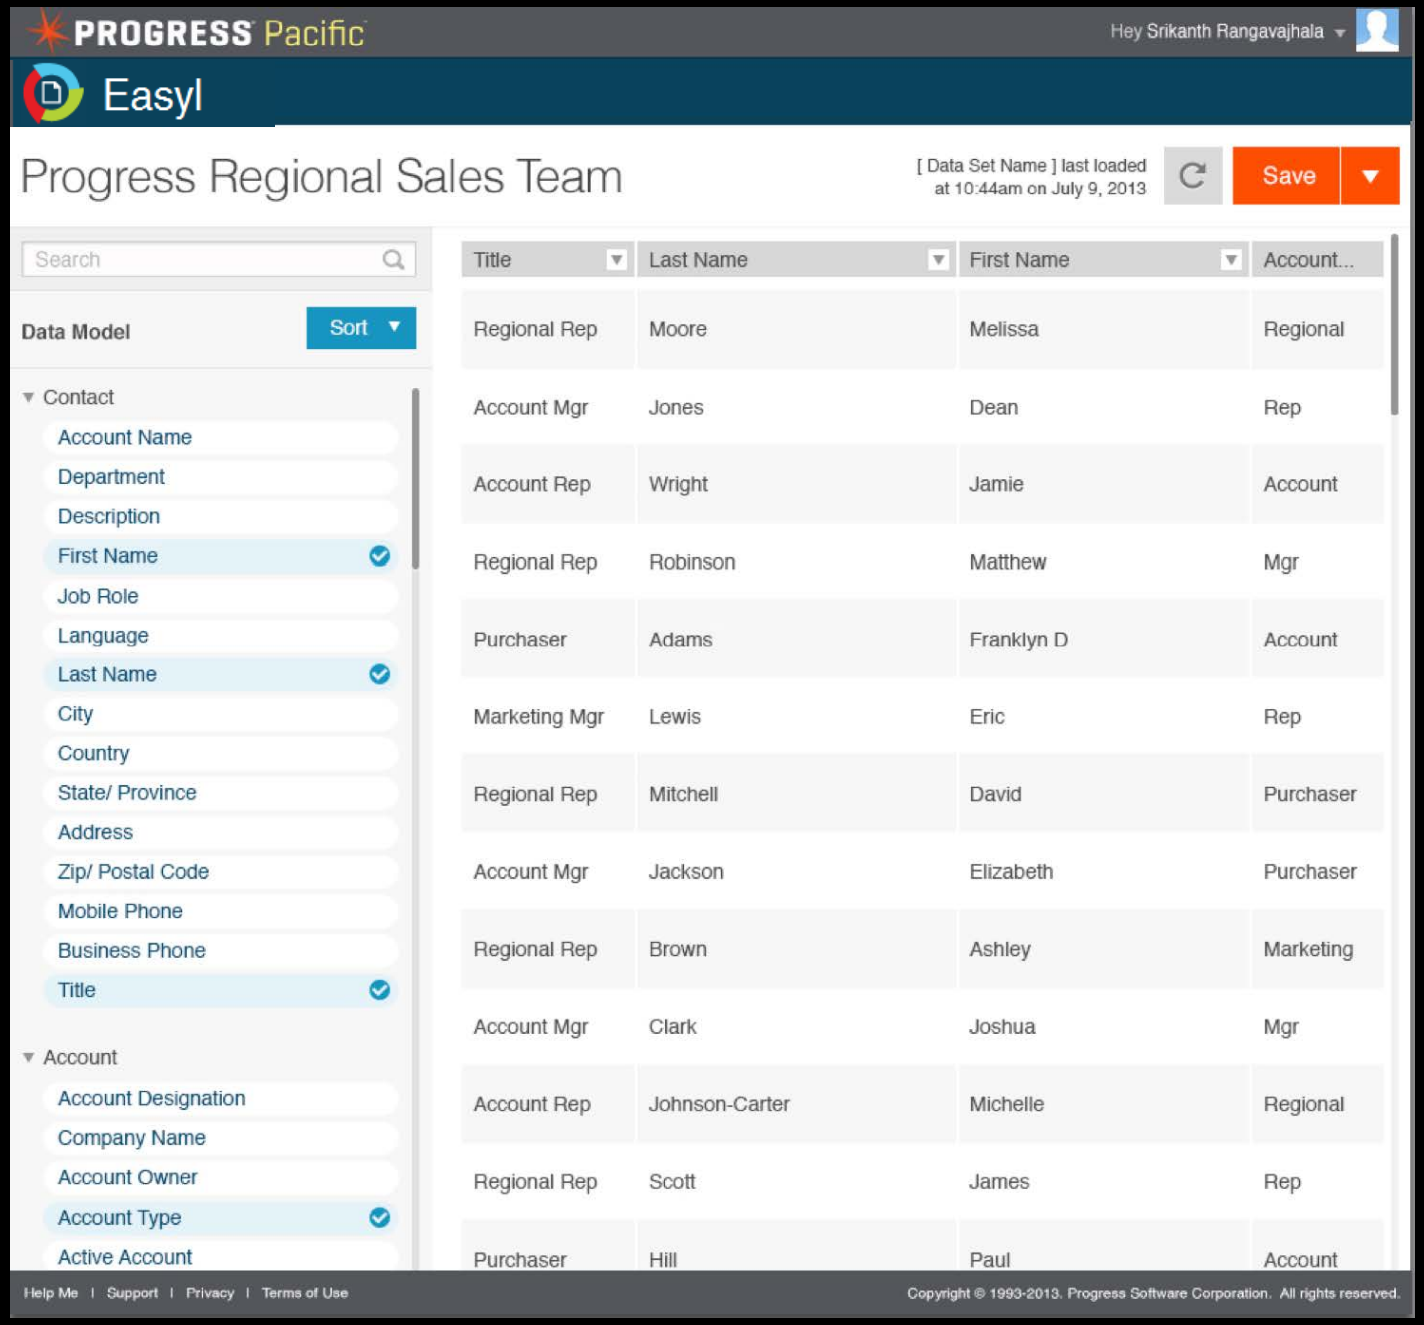
WANT TO SEE WHAT IT WILL LOOK LIKE?



Templates for common and relevant reports help you get started quickly

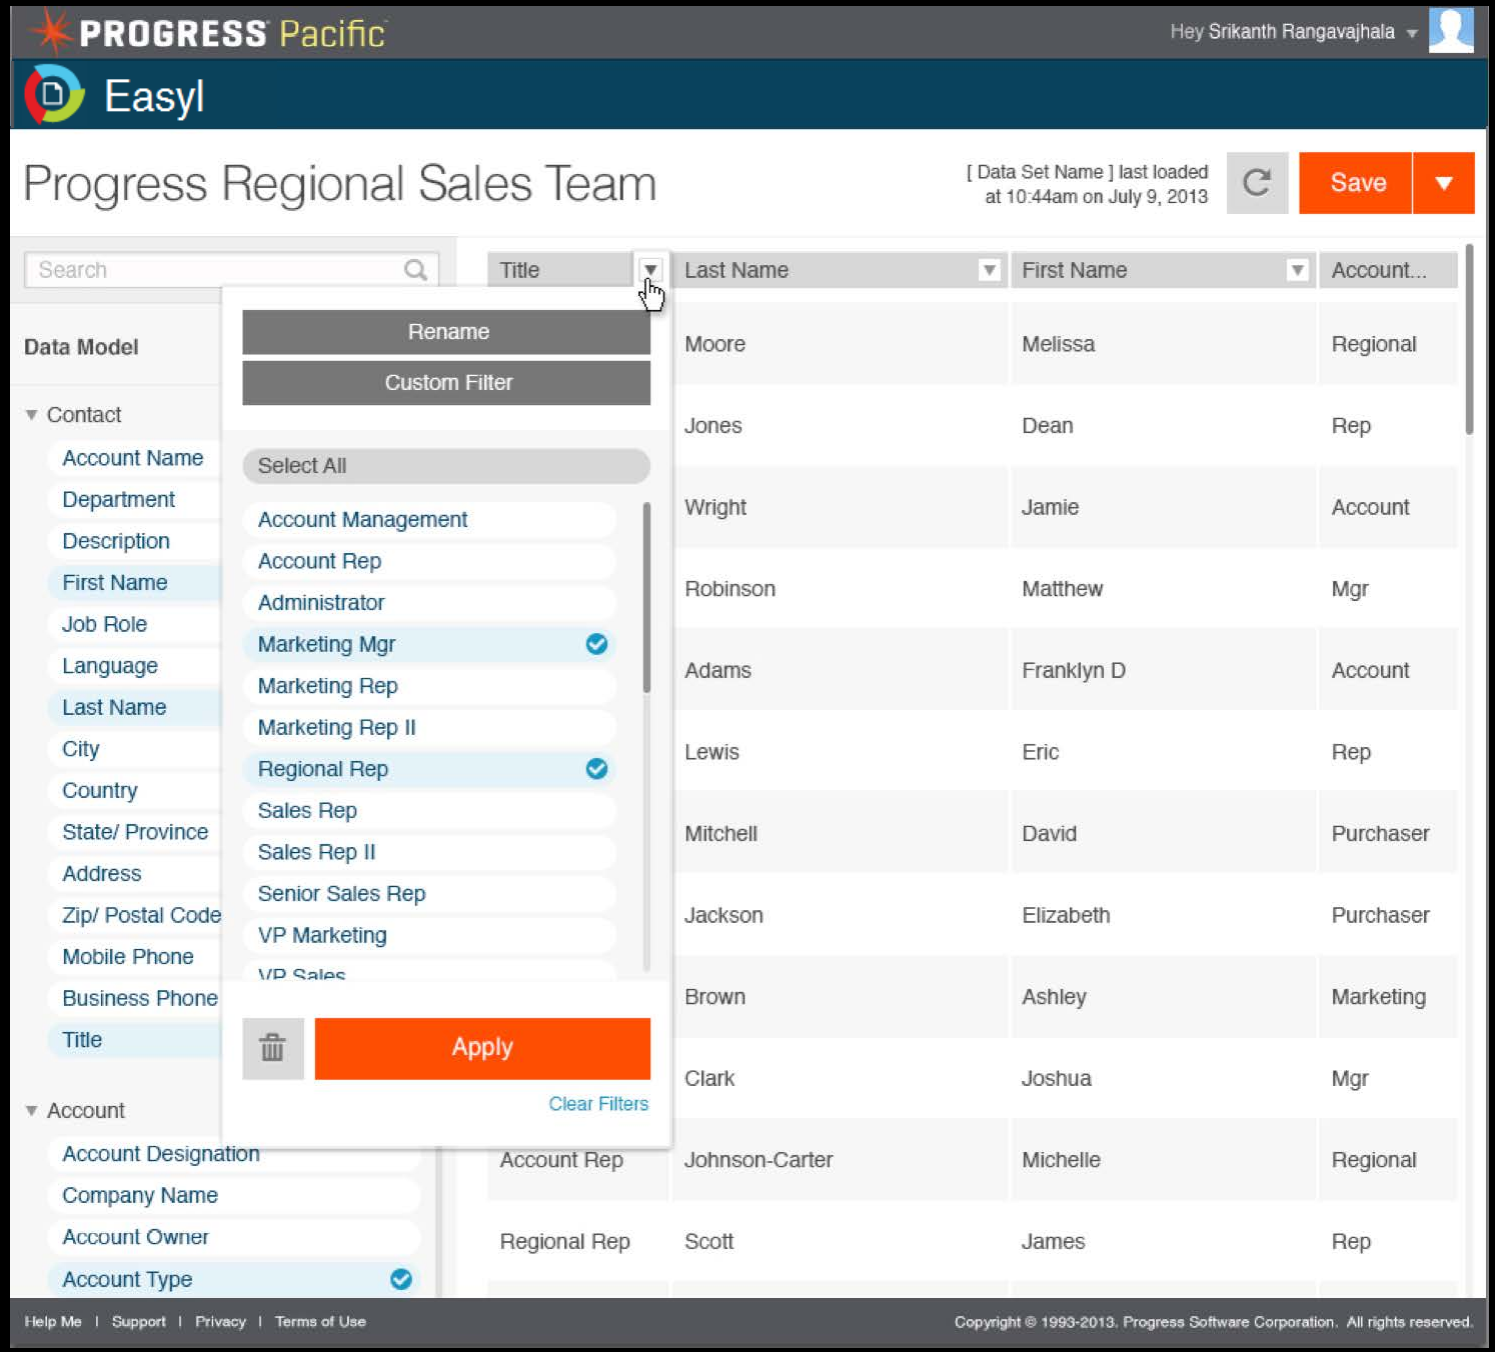
Configure your data sources with ease, or choose a past report to clone

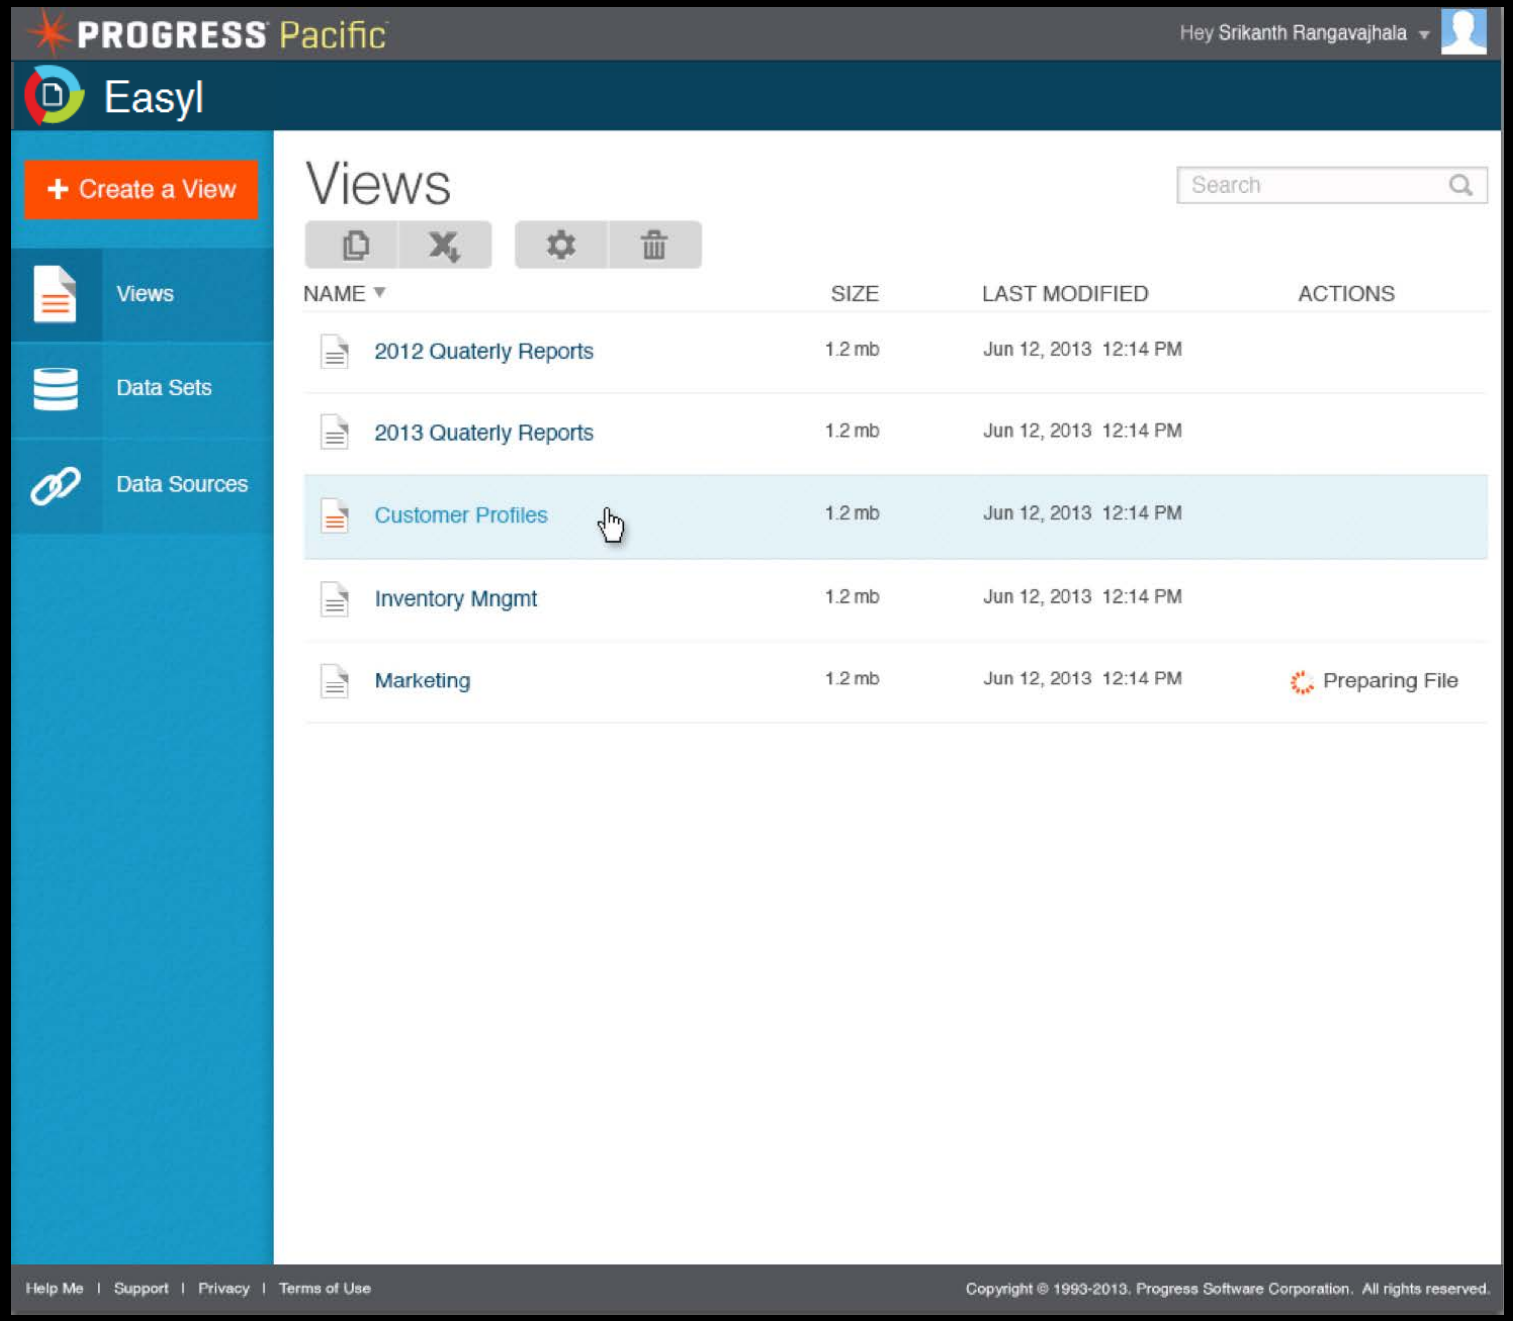




Preview and customize your report while we load your data into cloud storage

Filter your data using a familiar Microsoft Excel interface





Your report is published as a Microsoft Excel file, making it easy to consume by your users

Share your report with coworkers and friends, and they will receive them in their Gallery (think Dropbox)
