

OpenEdge

2 Types de Releases

- Innovation
 - Adoption rapide des nouveautés
 - Chaque nouvelle release remplace la précédente
- LTS : Long Term Support
 - Garantie de stabilité sur 8 ans

Comment délivrer : OpenEdge Release Model

Les clients veulent des choix lorsqu'ils mettent à niveau OpenEdge

Le rythme et l'effort d'adoption des nouvelles fonctionnalités déterminent la cadence de mise à niveau

Le modèle LTS répond au besoin des clients de rester plus longtemps sur une version

L'accent est mis sur la stabilité à long terme et la minimisation des coûts

LTS releases pris en charge pendant 5 années actives + 3 années dites Sunset

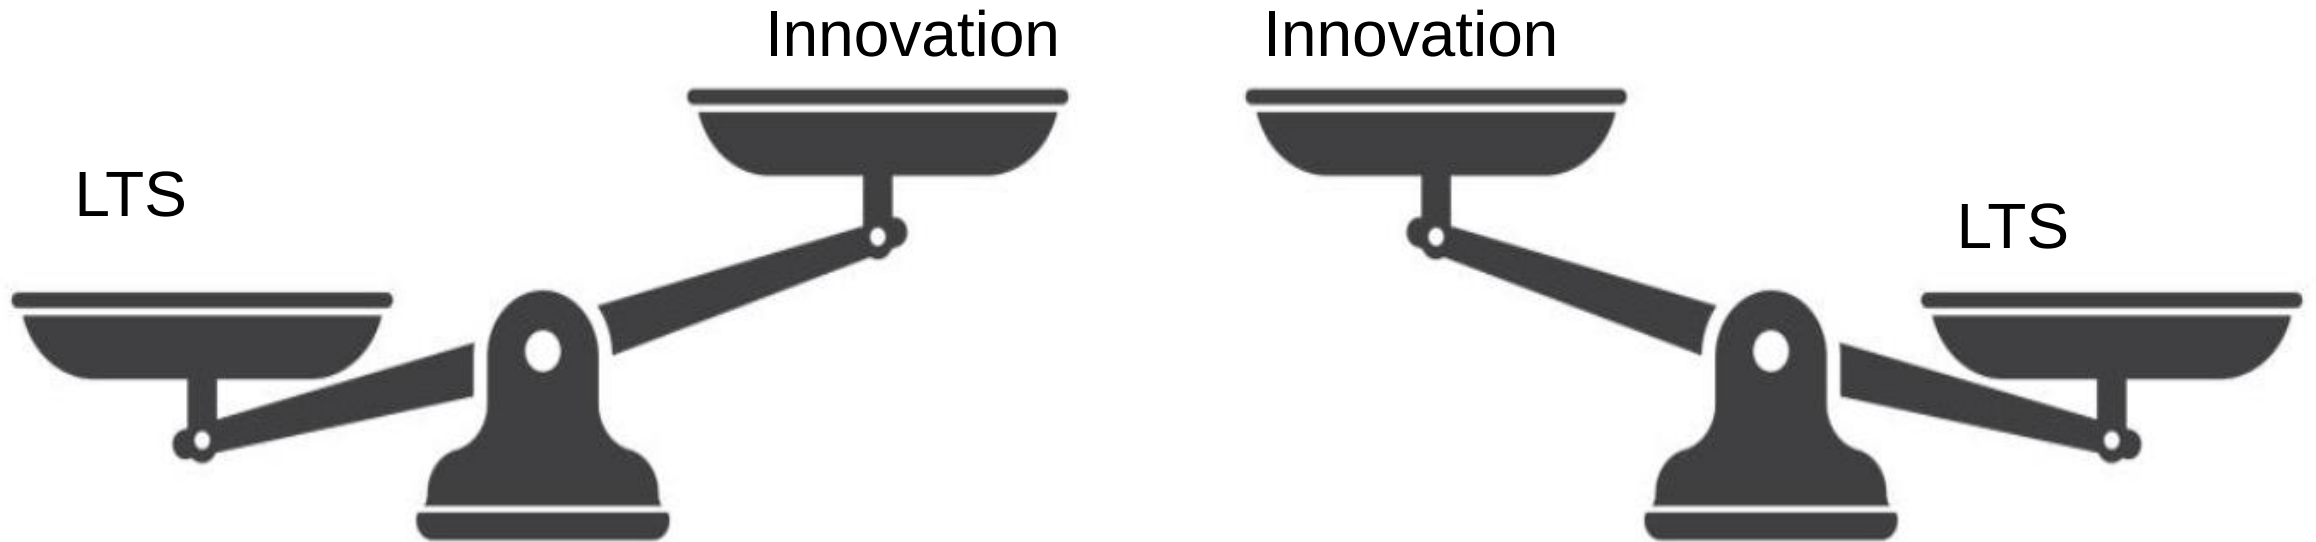

LTS Cycle:
OE 11.7 - Avril 2025
OE 12.2 - Octobre 2028

Les lancements d'innovation sont fréquents et retiré avec la prochaine version

L'accent est mis sur l'agilité et la capacité d'innovation

Quel Choix ?

Les Questions que l'on se pose

- Je suis en version 12.0 ou 12.1
- Je suis en train de deployer LTS 12.2
- Je ne suis pas encore les versions LTS et je prévois une modernisation
 - Ma cible est OE 12
- Je suis en OE 11.7 mais sans une vraie stratégie LTS
- Je suis entre OE 12.3 et OE 12.6

Don't See Your Favorite Feature?

The screenshot shows the OpenEdge Ideas portal. At the top, the browser address bar displays <https://openedge.ideas.aha.io/>, which is circled in green. Below the address bar is the Progress OpenEdge logo. To the right of the logo, the heading "OpenEdge Ideas" is followed by a description: "Your portal to submit new ideas (enhancement requests) for Progress OpenEdge. Anyone can submit and vote on ideas, and these will be reviewed and prioritized by the Product Management team in accordance with the published [Ideation Policy](#). If you submitted or subscribe to an idea, you will get automatic email notifications of comments and significant status changes."

Below the description, there is a navigation bar with three tabs: "Recent", "Trending", and "Popular". To the right of these tabs is a search bar labeled "Search ideas". On the left side of the page, there is a sidebar with three links: "My ideas" (0), "My votes" (0), and "My subscriptions" (2). In the center of the page, there is a large box with the number "37" and the word "VOTE" below it. To the right of this box, the heading "Simplify iterating over new Progress.Collections.* (FOR EACH... !)" is followed by a code snippet: `With the new Collection in 12.5 the following is the way to iterate over the collection: iterator = animals:GetIterator().repeat while iterator:MoveNext(): animal = iterator:Current. message`
